Good Morning All,

Following the first Punta Gorda Airport Master Plan Update Stakeholder briefings meeting conducted on 12/01/16, we would like to invite you to the second of five Stakeholder briefing meetings planned during the course of the study which is scheduled to be completed in 2017.

As a reminder, the purpose of the Master Plan Update is to determine the improvements needed to meet projected levels of passenger and operational demand at Punta Gorda Airport during the next 20 years.

The purpose of this briefing is to provide study information and to solicit your feedback. This briefing will address the type and amount of facilities needed to meet projected levels of passengers and aircraft operations. The future briefings will be scheduled to review additional study findings as the plan progresses through each of its elements.

This briefing is scheduled for 10:00 am, Tuesday, February 28, 2017 at the Punta Gorda Airport Board Room - Building 313, 7375 Utilities Road, Punta Gorda, FL, 33982. Please note that this location is different from the location of the previous stakeholder meeting. Please let us know if you will be able to attend this briefing and assist us with this important undertaking.

Thank You,

Ron D. Ridenour Jr.

Project Manager
